### **A Walk on the Farm**

'Wakey, wakey!' Rachel Walker called, bouncing on the end of her friend Kirsty's bed. Kirsty Tate was staying with the Walker family for the October half-term holiday and Rachel didn't want to waste a single second.

Kirsty yawned and stretched. 'I just and the most amazing dream,' she said sleepily. 'Queen Titania asked us to help the Jewel Fairies find seven stolen gemstones from her magic tiara and...' Her voice trailed away and she opened her eyes wide. 'It wasn't a dream, was it?' she said, sitting bolt upright. 'We really did meet India the Moonstone Fairy yesterday!'

Rachel nodded, smiling. 'We certainly did,' she agreed.

Kirsty and Rachel shared a wonderful secret. They were friends with the fairies! They had all sorts of fantastic adventures with them in the past – and now the fairies were in trouble.

Mean Jack Frost had stolen the seven magical jewels from the Fairy Queen's tiara. He had wanted to keep the jewels for himself, but their magic was so powerful that his ice castle had begun to melt. In a rage, Jack Frost had hurled the jewels away, and now they were lost.

King Oberon and Queen Titania had asked the girls to help return the jewels to Fairyland. Yesterday, Kirsty and Rachel had helped India the Moonstone Fairy find the magic Moonstone. But there were still six jewels left to find.
